3. To help us achieve these aims, we have implemented a Quality Management System (QMS) complying with the international standard ISO 9001:2015.
4. We are committed to continually improving the effectiveness of our QMS, as well as our company's products and services, and have set and will monitor performance against relevant quality objectives and targets.
5. This policy is periodically reviewed to ensure its continuing suitability, and communicated to staff and all sub-contractors working for us or on our behalf, through induction and general awareness training where appropriate, and is also shown on the company website, making it available to all interested parties.
